

Ryel Gayle

917-863-5670 –gayleryel@gmail.com - New York, NY

Professional Summary

Computer Science graduate from Iona University (GPA 3.90, Dean's List, Upsilon Pi Epsilon) with experience in full-stack development, mobile applications, AI/ML, and VR simulation. Skilled in Python, Java, JavaScript, ReactJS, PyTorch, and more, with hands-on project and research experience. Eager to bring strong technical skills and a proven academic record to a dynamic role in the tech industry.

Education

Iona University, New Rochelle, NY

Bachelor of Arts in *Computer Science*, Awarded May 2026

Honors: Iona University Academic Scholarship, Dean's List 2022-2026, GPA 3.901

Honors: Upsilon Pi Epsilon, International Computer Science Honor Society 2025-2026

Recipient of Departmental Computer Science Award 2026

Recipient of Honors Award 2026

New York Institute of Technology, New York, NY

Masters in Data Science, Expected May 2028

Technical Skills & Certifications

Standard Software:

Microsoft 365: Outlook, Excel, Word, PowerPoint, OneDrive

Google Suite: Docs, Slides, and Sheets

Version Control: Git, Unity Version Control

Data Analysis: SPSS, Tableau

Programming Languages:

HTML, CSS, Python, Java, C, C++, C#, R, Swift, Javascript, SQL, PHP

Frameworks & Libraries:

ReactJS, React Native, SciKit, Pandas, NumPy, Matplotlib, PyTorch, .NET

Certifications & Credentials:

Responsive Web Design Certificate- FreeCodeCamp

Web Development Fundamentals- IBM SkillsBuild

SQL and Relational Databases 101- IBM SkillsBuild/Cognitive Class

Python for Data Science- IBM

Machine Learning for Healthcare Applications- Cognitive Class

Data Analyst: Career Preparation- IBM SkillsBuild

Special Projects:

AI Water Droplet Detector (Summer 2025-Present)

- Designed an AI model to process and output data on water droplet videos for analysis on droplet permeability
- Trained the model and routinely corrected mistakes and errors to optimize and refine model with a curated dataset. Additional programs were created to assist in Data Cleaning and Summarization after analysis

Iona University

Occupational Therapy VR Simulator (Spring 2026)

- Designed a Virtual Reality Simulator in Unity for Occupational Therapy students to practice adapting environments for patients
- Created, designed Inventory and Instruction Set UI for simulator, with item spawning, deletion, and modifiable instructions

Ryel Gayle

917-863-5670 –gayleryel@gmail.com - New York, NY

Honors Thesis (Winter 2025)

- Parsed through Big Five Traits psychology datasets and utilized machine learning techniques to study the relationships between the Big Five traits and Cognitive Functions
- Discovered correlations between the Openness Trait and Visuospatial Aptitude, verbal reasoning, and abstract thinking, Extraversion and Perceptual Aptitude, and the reduction of questions within the survey used for testing, while retaining high accuracy

Database Design and Implementations, Streaming Guide Database (Fall 2024)

- Collaborated with two other students to design a streaming guide database with MySQL
- Developed front-end for website for in HTML, CSS, and PHP

Mobile Application Development, Calculator App (Fall 2024)

- Designed a functional calculator app in React Native for Android & IOS
- Calculator can handle simple Math equations: addition, subtraction, multiplication, division, grouping

Mobile Application Development, Playlist App (Fall 2024)

- Designed a playlist app in Xcode and Swift
- Features include audio playback, skipping, rewinding to previous songs, and shuffling the playlist

Jobs:

Freelance, Web Consultant: Jan 2025 - Present

Iona University, Research Assistant: Apr 2026 -Present

Iona University, Research Assistant: Jun 2025 - May 2026
